

April 2, 2020

To our valued participants and guests,

*******UPDATE*******

To further stop the spread of COVID-19, the Ontario Government ordered the mandatory closure of all non-essential workplaces effective Tuesday, March 24, at 11:59 pm. This closure is now in effect and will be revisited in 14 days with the possibility of extending this order as the situation evolves. The health, safety and well-being of our employees and participants here at ACUTE has and will continue to be our top priority.

Our training division will remain on hold until orders are lifted and it is possible to resume.

ACUTE is considered an essential service provider as we provide support for the safe operations of essential services such as health care. These include our consulting, respiratory fit testing and confined space rescue services. In providing you these requested and vital services, we remain committed to protecting the health and safety of our customers, team members and their respective families. ACUTE has implemented a COVID-19 safety protocol which outlines safety measures necessary to ensure continued safety of our clients as well our team members. Implementing these protocols position ACUTE to continue providing the highest level of compliance and service to our customers.

We thank you our valued partners, and we look forward to serving you once again with our full range of services.

Thank you,

A handwritten signature in black ink that reads "Ron Campbell". The signature is written in a cursive, flowing style.
